Turnips or Parsnips Recipe

Add peeled and cut-up **turnips or parsnips** to pot. Add enough chicken broth to cover. Once cooked through mash with butter, salt, and pepper. Fold in crumbled cooked bacon and chopped chives; top with shaved Parmesan. Cook thinly sliced leeks in butter in a large saucepan until soft.

Note: Turnips are much stronger than parsnips. You may also blend the two or add potatoes to tone them down.
